

Welcome to the latest e-zine from Vincent Timber. Here you'll find all the latest news and updates from one of the UK's most knowledgeable, respected and fastest growing distributors of the finest natural timber cladding.

WALKSURE® - NOW AVAILABLE FROM VINCENT TIMBER

Metsä Wood WalkSure® is a stylish, colourful and slip resistant decking solution now available from Vincent Timber - the country's leading supplier of sustainable, high performance timber products.

WalkSure® combines EPDM rubber and pressure treated softwood in a single deck board. Aesthetically pleasing, durable and extremely safe - WalkSure® is the decking system you can trust to perform every time.

Slip resistant in wet and dry conditions, it's ideal for high traffic areas such as commercial, industrial and public sector applications. For a stunning new decking system that doesn't compromise on safety, Vincent Timber and WalkSure® have the ideal solution.

6 reasons to choose WalkSure®

- 15 year guarantee
- Low maintenance
- DeckMark Plus certified
- Fully PEFC certified
- Seven colours available
- Tested to BS 7976 Part 2 as a low potential for slip

THERMOWOOD® - ALL-WEATHER DECKING AND CLADDING

Metsä Wood ThermoWood® is a durable and versatile year round timber solution from Vincent Timber. Ideal for cladding and decking in exposed areas, ThermoWood® offers:

Durability – up to 30 years service life (based on correct installation)

Stability – reduced swelling, shrinkage or distortion

Low maintenance – no resin leakage or bleed

Versatility – ideal for internal and external use

For a high performance wood with excellent durability and dimension stability and a stunning aesthetic to match, Metsä Wood ThermoWood® fits the bill.

GRASSEDECK® PRO – EVEN BETTER THAN THE REAL THING

GrasseDeck® PRO decking is the new decking board from Vincent Timber that combines the strength and durability of pressure-treated softwood with artificial grass that looks as good, if not better than real turf.

- DeckMark Plus Approved
- PEFC Certified
- Tested to BS 7976 Part 2 as a low potential for slip

For any decking project where a natural aesthetic, performance and slip resistance are vital, GrasseDeck® PRO from Vincent Timber is the one-stop-shop solution.
